JESSE WILLARD IS MATCHED

TEN ROUND GO WITH CARPENTIER THE FRENCH CHAMPION

RUSSIA SAVES RUMANIA AT CRITICAL MOMENT

(By Associated Press.)
PETROGRAD, Dec. 5.—The timely arrival of Russian troops before Bucharest at the critical moment when the loss of the capital seemed almost certain has somewhat changed the Rumanian situation. According to military opinion here, the Rumanians now have at least a fighting chance to retain their capital and with the aid of the Russians, who rendered their first valuable assistance to the Rumanian defense by an offensive in the Carpathians begun five days ago, will now attempt to include Bucharest in the zone which

they are able to defend, establishing a permanent line north and west of the capital.
According to information received here from Bucharest, the German plan of encircling Bucharest was seriously near to accomplishment when it struck an unexpected obstacle in the form of a Russian force between Bucharest and the Danube. A flanking movement was partially successful, when the Teutonic forces advancing from Lake Greca encountered a sudden stiffening in the resistance of the Rumanians, due to the arrival of Russian troops, and

were compelled to retire in disorder. Emplacements already had been completed for the big guns which were to bombard the Bucharest fortifications. Executing a hasty retreat, the Germans and Bulgarians had to abandon guns of all calibers and a large quantity of war materials. The Northern Teutonic allied group, which is attempting to flank Bucharest from the side of Piteshti, has proceeded with greater success, but the Rumanians have managed to retreat without losing connection with the force defending the western fortifications of the capital.

FIGHT STAGED AT MADISON SQUARE FOR BENEFIT OF FRENCH RELIEF

(By Associated Press.)
NEW YORK, Dec. 5.—Carpentier, the French heavyweight champion, and Jess Willard virtually have been matched for ten rounds without a decision here within two months. Both have verbally consented and are awaiting the forwarding of articles of agreement.
From profits of the fight \$40,000 will go to the French war relief fund. Due to this arrangement Carpentier was released from the army.

Tex Rickard, the promoter, and representative pugilists have been working together for months. The fight probably will be staged at Madison Square Garden. Negotiations lift the promotion of the bout within a notch or two of international diplomacy. Carpentier will leave France for three months and his traveling and training expenses will be paid. A bonded deposit was made by the promoter. Those interested in the

relief fund agreed to deliver Carpentier in this country in a few weeks.
The only possibility of a hitch is the demand by Willard for a share out of proportion. In this case Rickard plans to match Carpentier with Les Darcy, the Australian middleweight champion, who is understood to be en route to the United States, or any other fighter. Willard outweighs Carpentier 56 pounds and is six inches taller.

Basis of British Crisis Is the Conduct of War

(By Associated Press.)
LONDON, Dec. 5.—The real basis of the political crisis is a conflict between eastern and western strategy. "The westerners," says the correspondent, "favor concentrating the whole man power on the western front, forcing the Germans to fight out the war in France and Flanders."
"The eastern school is in favor of standing on the defensive one the western front and taking the offensive from Saloniki, where they propose to send a huge army of between half a million and a million men. The westerners regard this as lunacy which is only too likely to lead to disaster by playing the Germans' game. David Lloyd George supports the easterners."

The one, Dr. A. J. Stokes, the squad heavyweight, had lost one-quarter of a pound from the 223 pounds with which he started the experiment. The net increase in weight was 36 pounds and the largest individual gain was by Henry Gehring, who weighed 161 1/2 pounds at the start and now weighs 170.

CHARGED WITH SHIPPING ARMS TO VERA CRUZ

(By Associated Press.)
NEW YORK, Dec. 5.—Charged with being concerned in a conspiracy to violate the customs laws in the shipment of small arms and ammunition to Vera Cruz by means of fraudulent manifests, Louis Gotting and Wencelous Mont, partners in a New York exporting firm, were held in \$10,000 bail by U. S. Commissioner Houghton late yesterday. In default of the bail the prisoners were lodged in jail.
Gotting and Mont, operating as the Adie company, are charged with having shipped arms and ammunition fraudulently billed as plumbers' supplies and other articles.
It is understood the shipment to Vera Cruz consisted of 206 packages of small arms and ammunition. Information which led to the charges is said to have been obtained in Vera Cruz. Neither the United States authorities nor counsel for Gotting or Mont professed to know last night to which faction in Mexico the shipment had been made.
In asking the commissioner to hold Gotting and Mont each in \$10,000 bail, Roger B. Wood, assistant U. S. district attorney, said that the charge against them was serious, in view of the embargo against shipments of arms to Mexico and that fact that American troops still are in the country.
